Re: Grant AFOSR-91-0429
Final Technical Report and Final Statement of Invention

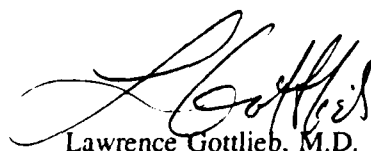

Dear Ms. Veon:

Please accept this letter as the Final Technical Report and the Final Statement of Invention for the above referenced project. As the research was still in the preliminary phase when the request for a no-cost extension was denied, we have nothing to report.

We have included for your convenience a copy of the financial report compiled by our Comptroller's Office 04/23/93. We apologize for the delay in sending to you this requested material, but we did not receive an official denial of our extension request until 06/08/93.

If any additional information is necessary, please feel free to contact me.

Sincerely,

Lawrence Gottlieb, M.D.
Professor, Section of Plastic and Reconstructive Surgery
The University of Chicago
